SUMMARY

Computer Science graduate with 2+ years of corporate experience, transitioning into software development with a focus on Full Stack technologies, Python, and Generative AI. Currently completing a Full Stack Development course at C-DAC. Hands-on builder of React/Django applications with strong UI/UX sensibility (Glassmorphism, 3D interactive animations) and a proven record of reliability and client communication.

TECHNICAL SKILLS

Languages: Python, JavaScript, HTML5, CSS3

Frameworks & Libraries: React.js, Django, Bootstrap, jQuery

Databases: MySQL

Tools & Platforms: Git, GitHub, VS Code, MS Excel

Web Technologies: REST APIs, Responsive Design, Authentication, CRUD Operations

PROJECTS

Professional Portfolio Website ("Yash.dev") 2026

- Developed a high-end animated portfolio using React, Framer Motion, and Lenis for smooth scrolling.
- Implemented modern UI trends including Glassmorphism and 3D interactive animations.

E-commerce Platform ("Your's Store") 2026

- Built a functional e-commerce site focused on responsive design and seamless user navigation.
- Integrated a Django backend with a responsive HTML5, CSS3, JavaScript frontend.

Social Media Web Application ("Social Vibe") 2026

- Built Social Vibe, a feature-rich, full-stack social media web application providing a modern, interactive platform for users to connect, share content, and communicate in real time within a glass-morphism themed environment.
- Integrated a Django backend with a responsive HTML5, CSS3, Bootstrap 5, JavaScript frontend.

EDUCATION

Bachelor of Engineering (B.E.) in Computer Science July 2018 – May 2022

Babaria Institute, BITS Edu Campus — Gujarat, India

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern May 2026 – June 2026

CodeAlpha (Remote)

- Developed responsive full-stack web applications using Python, HTML, CSS, JavaScript, and modern web development practices.
- Built and delivered assigned development tasks while following coding standards, version control, and project requirements.
- Collaborated remotely on real-world projects, improving problem-solving, debugging, and software development workflows.

Online Chat Representative Aug 2023 – Oct 2025

Etech Global Services — Gandhinagar, Gujarat

- Used CRM and internal ticketing/helpdesk tools to log, track, and resolve customer issues, gaining hands-on exposure to production support systems and structured data entry/reporting workflows.
- Achieved a 95% customer satisfaction rating through effective troubleshooting and clear technical communication.
- Collaborated with team members to streamline internal processes and documentation, contributing to a more efficient service environment.

CERTIFICATIONS

- Full Stack Development — C-DAC (in progress, certification pending)
- Complete 2026 Python Bootcamp: Learn Python from Scratch
- Generative AI Foundations
